

search™
ease the whereabouts of knowledge

A

Accounts

words of wisdom are timeless and books are ageless; they transcend time and decades altogether

The exclusive and comprehensive library storage solution entitled **search** is designed to store books and stand the test of time, by protecting and treasuring the valuable words of knowledge.

Sturdy, aesthetic and adjustable, **search** meets the evolving needs and complements the looks of a modern library. The most unique and striking feature of **search** is the high visibility of books, wherein readers can quickly view the book titles while comfortably standing, especially at the lower level, since bottom three shelves are inclined at a different angle towards the user.

3° inclination for 3rd last shelf

9° inclination for 2nd last shelf

15° inclination for last shelf

form, functionality and flexibility are paramount in library shelving. **search** precisely fulfills these prerequisites with its non-conformist looks, design and modular construction

9

high visibility of books

- 1 The bottom three shelves of each unit are at a **designed angle** that enables quick locating of books/references
- 2 Quick identification of categories through A5 size **acrylic signage board** on the side of each module
- 3 Individual **rack signage** for easier sub-category identification

unlimited flexibility

- 4 **Suitable for books of different heights**, since lower 2 shelves are 280 mm height, suitable for larger size books
- 5 Available with **3 fixed** bottom inclined shelves and **3 height adjustable** top shelves to accommodate books of various size
- 6 Available in **single sided** and **double sided configurations** with main and add on modules

functional and sturdy

- 7 Each module is equipped with 6 levelers to take care of floor slopes

enhanced form and aesthetics

- 8 Immaculate detailing, well finished end caps and outer frame of the rack in matching powdercoated finish add to the aesthetics
- 9 Supporting library furniture accessories like Trolley and Reading table

reading between the lines

It is the design detailing and functionality which creates a practical design. The factors such as superior finishing, intricacy and modularity along with overall structural framework, quality of material and in-built strength make **search** a perfect library storage system.

Well finished rounded edges of the end caps and extrusion give a contemporary and modern look to the unit

Adjustable shelves to suit varying heights of books. The stark contrasting colour of the frame adds to the contemporary look

Book Trolley adds to the convenience of library staff for shifting /reshelving books

Prominent A5 size side acrylic panel branding for quick category identification

Quick identification of sub categories through easy changeable shelf signage

Modular reading table to complement the library

technical specifications
