

smart solutions for smart classrooms

Team up - Ideal for Smart Classrooms

Team up - a fine blend of functionality and good design, **Team up** is a smart solution for modern Lecture halls / classrooms. It features a unique wire management provision for individual user which is elegantly integrated on the legs. The unique swivel plate joinery between table tops allows for straight as well as curvilinear classroom layouts.

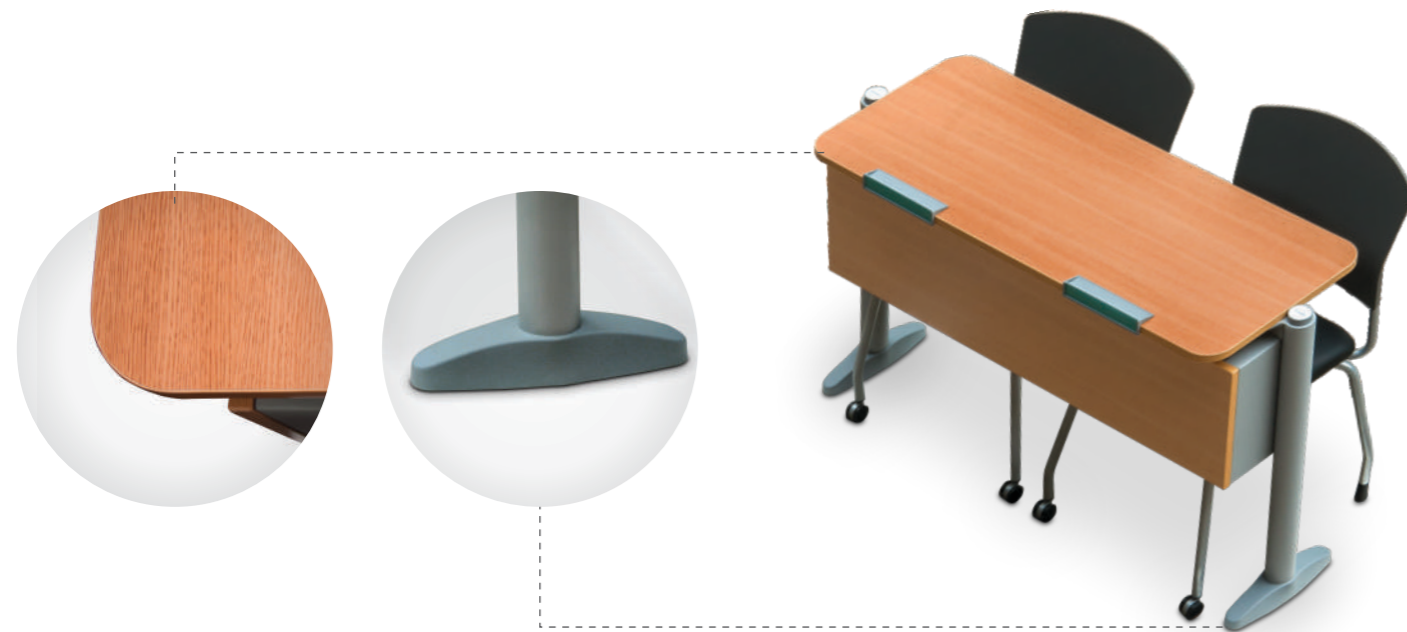

Highlights

- Sleek and Sturdy construction
- Suitable for both straight and curvilinear layouts
- In-built power & Data provision makes **Team up** ideal for "Smart Classroom"
- Uniquely designed standardized & Interchangeable table tops for quick installation
- Elegant leg design is enhanced by the ergonomically designed shoe caps.

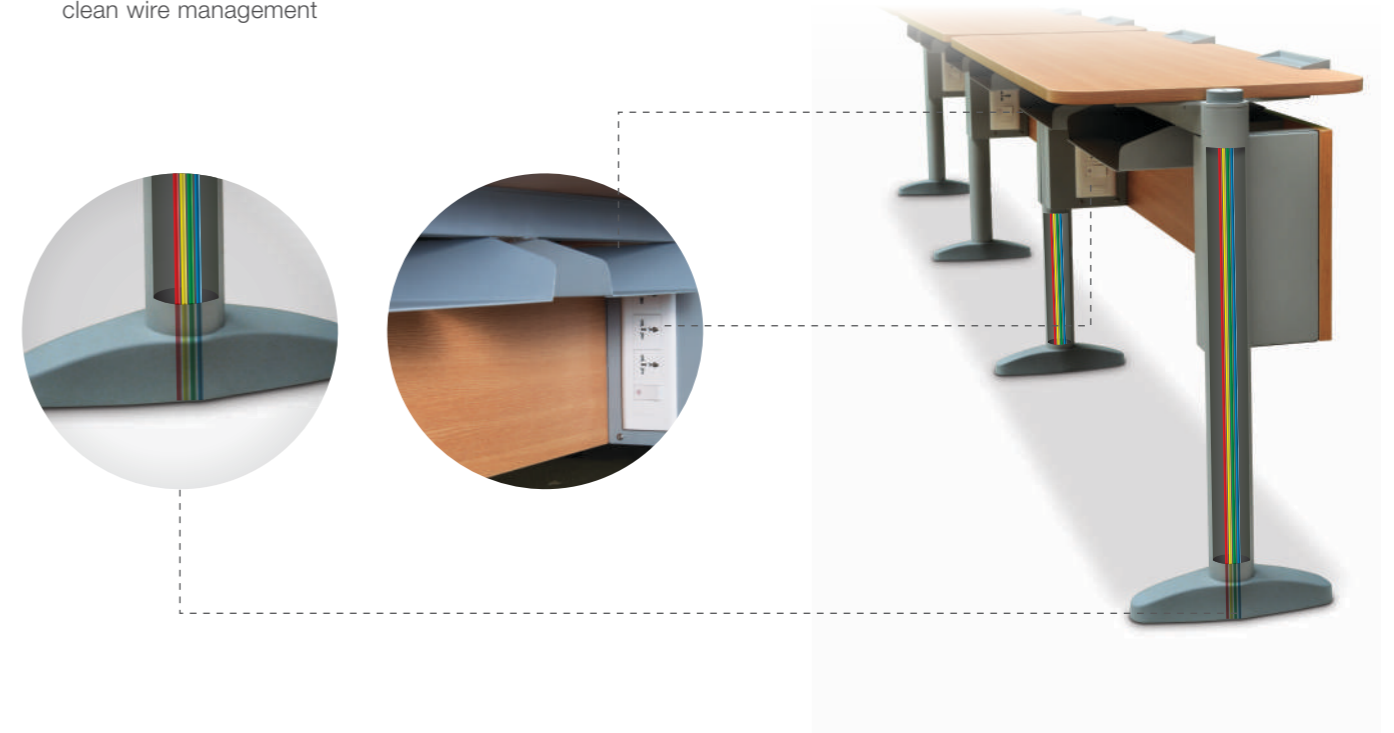

Ergonomic design

The well rounded table top corners and the rounded legs make **Team up** a safe and ergonomic product. The grouted legs are capped with an aesthetically designed shoe that has no sharp corners for additional user safety.

Smart Functionality

- Data and Power outlets with independent controls for each seat
- Ergonomic utility tray that's handy and doesn't compromise leg room
- Wires run through the hollow legs right down to the floor - enables clean wire management

Robust construction

Team up comes with inbuilt provision for grouting with anchor fasteners, ensuring stable mounting & product longevity. A specially designed injection moulded plastic shoe covers the anchor fasteners giving an elegant clutter-free look.

Ergonomic design

The well rounded table top corners and the rounded legs make **Team up** a safe and ergonomic product. The grouted legs are capped with an aesthetically designed shoe that has no sharp corners for additional user safety.

Intelligent Design

Team up is suitable for varied applications like stepped / flat floorings as well as straight / curvilinear layouts. It has been thoughtfully designed for modularity as all table tops are of identical size and shape for any particular layout. This makes it a versatile solution as the table tops can be interchanged and makes installations easier and quicker.

The swivel plates assembly design gives a unique benefit. This easily adjustable system allows the **Team up** to be aligned along customised curvilinear layouts of lecture halls / classrooms.

Team up is easy and quick to design and install, thanks to the standard sized table tops.

Wipro's range of training chairs are a perfect complement to **Team Up**.
