*Die-cast leg and powder coating process for I'M are both RoHS certified

Startline: A Sustainable design

Startline uses Aluminum extrusion and die-cast components having RoHS certified powder coating. The pretreatment process followed is a nano-ceramic technology which is efficient, automatic and non-hazardous.

RoHS
Passed

*RoHS certification for powder used in powder coating line

RoHS - (Restriction ofuse of Hazardous Substance)
RoHS legislation cover the restrictionof use of potentially hazardous substance in manufacturing process. Thereby contributing to the protection of human health and the environment. RoHS is enforced throughout the EU since 1st July 2006.

Restricted Substance
Cadmium
Mercury
Lead
Hexavalent Chromium
Polybrominated Biphenyls (PBB)
Polybrominated Diphenylethers (PBDE)

I'M is India's first leg and beam system – a pioneering innovation from WIPRO Furniture.

Its two differently designed signature aluminum legs will surely mesmerize all. You being an innovative leader is well reflected through its stunning looks.

• Personifies clarity, lightness and flexibility

• Thoughtful design with minimal usage of material

• Designer aluminum extruded legs that express creativity at its aesthetical best
