Linear workstation with intermediate glass separators and top supporting storages with individual locks. Staggered height return partition at aisle side

your space is **personal**
make it your own

The way you work has changed over the years. Today, work spaces need to be more collaborative and open, but paradoxically more private and personal.

You want your work space to reinforce your organisation's identity and at the same time give you a sense of belonging, that makes it your own.

VIBRANT+
every space has a need

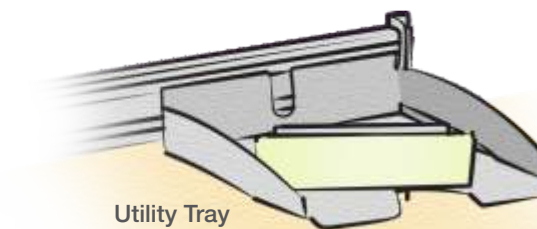

Vibrant+ offers privacy screens, a choice of fabrics and a fine range of accessories that let you personalise your space - making you feel at home.

Frame & Tile configurations

Frame Sizes

Technical Specifications

Vibrant+ is a 60mm tile based system with unique slide in tiles feature with frame design to support tiles to make it more versatile and create different work environments. It comprises of CRCA horizontal channels, which are powder coated in textured finish with 50-60 DFT with impact resistance of 100Kg-cm and scratch resistance of 2.5H.

Flat trim construction in aluminium grade 63400 (HE9) as per IS:733-1983 with contoured edges for aesthetic look.

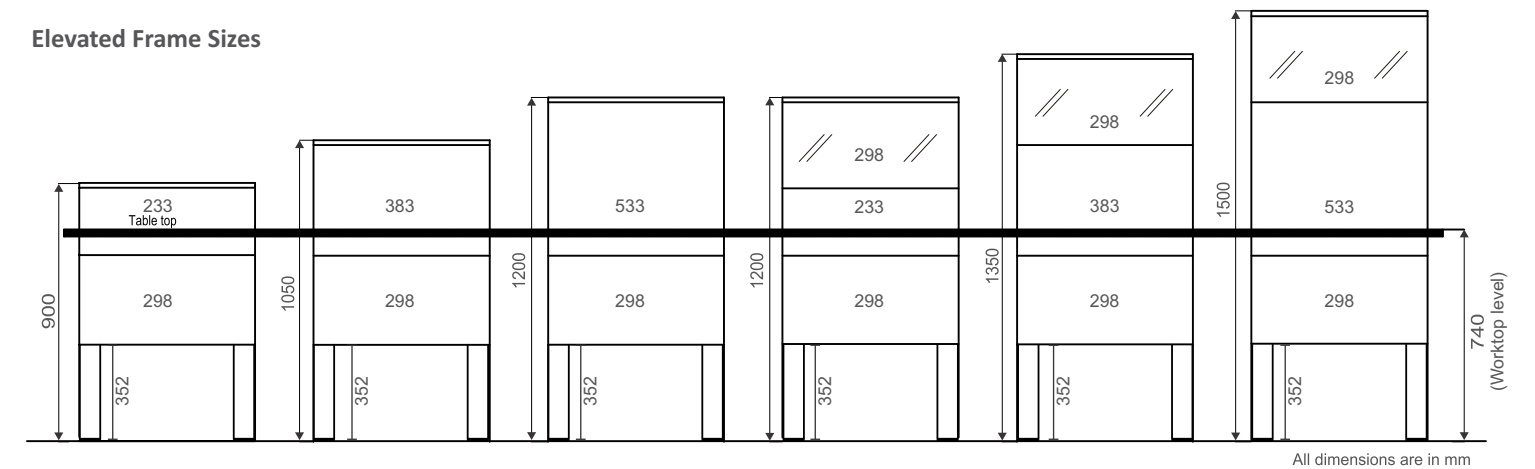

Endcaps in Mazak die cast with waterfall edge for a seamless transition from horizontal to vertical trim. Tiles can be offered in various options.

Raceway of 100mm at skirting level comes as standard whereas additional cutouts can be provided both below and above tabletop to facilitate power/data/voice cabling.

Tabletop in 25mm thick pre-laminated boards.
